

SIGN THE PETITION TO DITCH THE HEALTH STAR RATING SYSTEM

Health Star Rating Fail.

WE'VE LAUNCHED A PETITION!!!

Please [sign the petition](#) to show your support for petitions to the NZ and Australian Houses of Representatives to ditch the Health Star Rating System in both countries in favour of a much simpler visual depiction of how many teaspoons of sugar are in the product and more education on why and how to eat real food.

We need your help to make a real difference. We've got a serious situation in children's health in our countries.

NZ and Australia rank 3rd and 4th respectively in the obesity rankings globally with over 30% of New Zealanders and over 28% of Australian's are considered obese. Obesity is one of the most important risk factors for a number of major diseases, including type 2 diabetes, heart disease, stroke and several common cancers.

Rates of diabetes (including juvenile diabetes) are now epidemic in both countries - estimates put
